"Alice Bear and Cat in autos, all get set to start. Close up of Mouse pistol in hand, releases trigger all that there is is just a click. Mouse looks up at pistol and sees that bullet is stuck in barrell. Squeezes the bullet out of barrell. It drops to the ground. Then puts his hand on his ear and listens for the Bang. Back to Alice Cat and Bear in Autos, all set to go. They start off leaving the Cat behind them who has considerable difficulty in starting his car. It jumps up and down and finally the Chassis leaves the body of the car behind. Cat gets hold of body and pushes thru his legs and runs off after Chassis. Finally catches up with Chassis and hops on it. As the Cat rides along in Car, auto jumps over rocks etc. throwing the cat up in the air till it finally throws the Cat out of the cat and he lands on his head. Cat gets up and looks at the Car. There is no crank handle, so he uses his tail for one. Hops in the car and is off again.

Alice in Car riding along. Bear in Car catches up with Alices, passes her. Bear waves his paw at Alice. Alice passes Bear.

Alice in car comes into another scene with sign of Detour on Road. Bear comes into scene, gets out of his auto and changes the sign, gets into care and rides off. Car comes on scene where formerly Detour sign was. This is a very bumpy road and the ~~cat~~ just jumps around ~~and~~ throwing the cat up in the air. Car with cat in it bumps into log. Cat cannot get it off log. Tries and tries and finally succeeds. Starts riding back on bumpy road his car breaks in half but cat sticks on. Next scene. Cat comes into scene there is a sign on this scene which reads "End of Road" and there is a Mountain. Cat comes into scene and sees Mountain. Looks at Mountain and then goes up Mountain perpendicularly. Cat gets up to top of Mountain. Car has quite some difficulty in getting over the Peak. Cat reaches over and grabs the hind wheels, pulls them up over the edge of the Mountain. Hops in car and is off.

Next scene. The horses are waiting for the contestants to arrive in their cars and make the change. The bear comes in first hops on his horse and is off so does Alice. Last of all comes the cat, he goes over and examines horses. It is just a wooden hobby horse. Goes over to front of horse and winds it up. Then he hops on horse's back and is off. Cat takes out oil can and ~~xxxx~~ starts to oil joints of horse. Horse throws cat up in the air and he lands kind of hard. Horse throws the cat up in the air again, while cat is in mid-air he ~~forms~~ forms his tail to the shape of a spring and when he lands again on the horse's back he does so on this spring.

Shot of Alice riding on horse's back. Bear is just catching up with her. Alice puts on some speed and draws away from Bear. Back to Cat again on Hobby Horse. He is hitting the horse with his tail to get more speed. The horse gets confused and runs in an opposite direction. Then cat takes off horse's head and tail and changes them around. This makes things alright again. Back to Alice. The bear is gaining on her all the time. There is a Monkey Movie cameraman who is taking pictures. The ~~xxxx~~ horses go past him, he hops on his camera, it takes legs and runs after the racers. Back to cat on Hobby Horse. Horse is laying down on the job. Cat gets off and pushes him. Horse is now traveling very slowly. Cat back on horse is in utter despair. Horse breaks in half. The cat reaches over and ~~pups~~ both halves together.

Everything seems Okay again. Then the horse's rear legs drop off. The cat sees it and does not know what to do. A Balloon with a question mark forms over the cats head. Cat takes out questions mark, takes balloon and blows it up and fixes it to the Horse's tail which lifts it off the ground.

Back to Alice and bear. Alice is in lead. They come to a hurdle. The horse stumbles over it throwing Alice into air. Horse gets up and Alice falls on its back. The bear has already passed over the hurdles and is on the home stretch. Crowd at finishline are cheering. Alice is on horse's back which is just bucking and broncing. It ~~thinks~~ throws Alice off it's back into mid-air. Shot of Bear on Horse's back. Alice comes in Mid-air, throws Bear off his horse and she lands on his back. Bear on ground looks after Alice and raises his paws. The cat comes into scene on horse, bunks into Bear and both are knocked out.
